

1. I listen to K-LOVE Radio , and enjoy it tremendously. K-LOVE plays Christian Music and is an uplifting and encouraging source of music that has nothing but a positive message. I know there are many others that listen to and enjoy this programming.

2. If LPFM is given precedence over this station (just for one), we who listen to and enjoy, and also support monetarily, this station, would be deprived of a precedent setting listening experience.

3. It is, in my opinion, in the public interest to keep this station from being displaced by another, newer upstart. To me it is in the public interest to have this station and others remain where they are on the airwaves, as they offer a positive listening experience, they do a lot for the public via charity events and sponsorships, and they have earned the right to remain where they have been for as long as they have been there. There aren't many "Family Friendly" options for contemporary music on the airwaves, but this is one that is truly family oriented, is not controversial, and is good to the public in many ways.
